DIVISIONING

The fundamental difference, which sets Special Olympics competitions apart from those of other sports organizations, is that athletes of all ability levels are encouraged to participate and every athlete is recognized for his or her performance.

All Special Olympics Cheerleading competitions adhere to safety guidelines for National Federation of High School Association (NFHF) Spirit Rules and United States Association Sports Federation (USASF).

The following criteria shall determine how Special Olympics athletes or teams are assigned to competition divisions at Special Olympics Cheerleading competitions. Where exceptions to these criteria are necessary, the Competition Manager will review proposed modifications to these criteria and make a final decision based on the goal of providing the most dignified and challenging competition experience for each athlete or team. The Competition Manager has final authority concerning divisions and any variation from these criteria. Protests based on divisioning are not allowed.

Ability is the primary divisioning factor in Special Olympics. In the sport of cheerleading, the ability of an athlete or team is determined by the event in which they are competing (i.e. Individual Skills).

Special Olympics, Inc. guidelines for gender and age groups will further division athletes or teams. Age group guidelines are as follows: 15 and under; 16-21; and 22 and over. Open age groups may be established to meet the required minimum number of competitors or teams in a division.
