

We are pleased to announce that Special Olympics Missouri is in the process of building a new Young Professionals Board and we are excited to share this opportunity with you and your colleagues!

The SOMO Young Professionals Board (SOMO YPB) is a career and volunteer development opportunity geared toward integrating the time, talents and interests of young professionals to help further the mission of SOMO. Members will engage in valuable networking and skill development to prepare them for future nonprofit board service, all while supporting SOMO in their local communities.

SOMO YPB, will be comprised of at least 11 young professionals (ages 21-35) who live and/or work in the State of Missouri. Our hope is that these young professionals will act as ambassadors of SOMO, increase awareness of our mission, and build community engagement. The SOMO YPB members will be able to expand their professional network, gain valuable leadership experience, and have direct interaction with the SOMO Board of Directors and staff. Most importantly, the SOMO YPB will make a difference in the lives of Special Olympics Missouri athletes and experience the joy of inclusion.

For more information and to apply for this unique opportunity, please visit SOMO.org/YPB.
