WHO WE ARE

Special Olympics Missouri

Special Olympics transforms lives through the joy of sport, every day, everywhere with nearly 5 million athletes in more than 170 countries -- 16,900 of them here in Missouri, and 1,876 athletes in the KC Metro area participating in 16 different sports.

Through the power of sports, people with intellectual disabilities discover new strengths, abilities, skills, and much more. Our athletes find joy, confidence and fulfillment -- on the playing field and in life. They also inspire people in their communities and elsewhere to open their hearts to a wider world of human talents and potential.

For 50 years, Special Olympics has been spreading the message: *people with intellectual disabilities can – and will – succeed when given the chance.*

Southeast Enterprises

Southeast Enterprises was incorporated as a Missouri not-for-profit corporation by concerned parents and area business persons in November 1975.

The purpose of this corporation is “...to establish an Extended Employment Sheltered Workshop Program to provide productive employment opportunity and necessary support services to Jackson County adults with developmental, physical, and emotional disabilities who are unable to successfully engage in competitive employment so that they may enhance their work skills and earning potential.”

Southeast Associates develop not only job skills and behaviors; but also pride in their work, confidence, maturity, and a sense of self-esteem
