## **ATHLETICS**

### **Event Parameters**

## 1. Special Olympics Missouri Athletics Event Parameters

The only way to eliminate heats that are potential "blowouts," is to set parameters (see the table below). In this way if an athlete has reached his/her potential in an event, that athlete can then participate in a more challenging event. If an athlete has tried to participate in an event but because of his/her ability cannot compete in an even heat, that athlete should be moved to an event which better meets the athlete's ability.

Note: Any event not listed does not have minimums or maximums

Event	Minimum	Maximum
100-meter Dash		1 min
200-meter Dash		1 min
400-meter Dash		1 min 55 sec
800-meter Dash		4 min 50 sec
1500-meter Run		12 min
4x100-meter Relay		2 min
4x400-meter Relay		7 min
100-meter Walk	30 sec	1 min
400-meter Walk	2 min	4 min
800-meter Walk	3 min 50 sec	8 min
25-meter Wheelchair	9 sec	1 min
100-meter Wheelchair	29 sec	2 min 12 sec
High Jump	1 meter	
Shot Put (2.72 kg)	1 meter	
Shot Put (4 kg)	1 meter	
Running Long Jump	1 meter	
Standing Long Jump	0.1 meter	2.60 meters
One-Foot Standing Long Jump	0.1 meter	2.60 meters
Softball Throw	4 meters	35 meters
Tee Ball Throw	0.1 meter	20 meters

For Track events the following will apply: Any athlete who finishes the race with a time which is outside the listed Minimum or Maximum will be moved to another event where he/she can be more competitive.

For Field (throwing or jumping) events the following will apply: Any athlete whose distance or height is outside the above listed Minimum or Maximum will be moved to another event where he/she can be more competitive.

**Athletes who perform beyond these parameters at any event shall be disqualified and will receive a participation ribbon.**
